

Woods Rescue

DEVELOPED BY

The story

Thomas the raccoon is involved in an important and thrilling mission: he has to rescue his lovely friends from the clutches of some big bad wolves. For this reason, our little hero will have to make his way through the woods avoiding dangers and obstacles.

Will you help him?

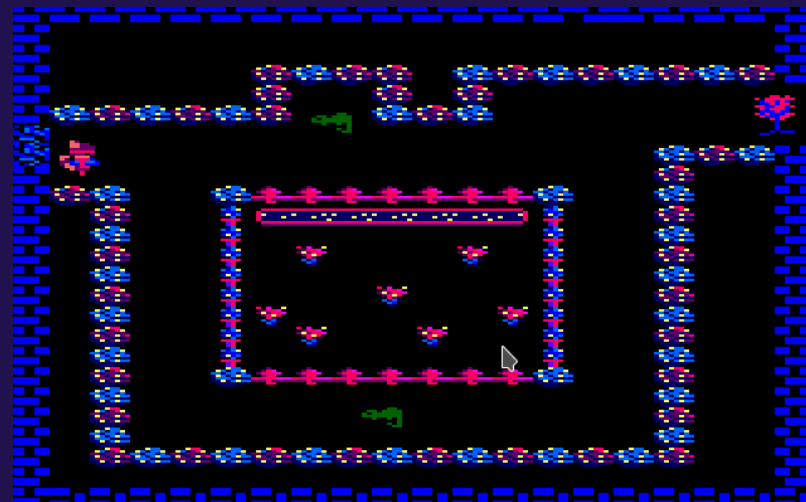

Enemies

- Tree. Despite it may seem harmless, you will be eaten by it if you get too close.
- Chameleon. If one of them see you, it will dart at you without thinking twice.
- Bird. It will not seek you, but you should not stand in its way.
- Wolf. It is peacefully sleeping, but if you wake it up, it will start to hunt you until you get away.

Levels

The game is divided in 4 areas, at the end of each one of them you can find one of your friends. To get to them you will have to overcome 15 rooms full of enemies in each area.

Controls

Keyboard:

[O] - Left

[Q] - Up

[SPACE] - Shoot

[P] - Right

[A] - Down

[1] - Start/Restart

It is possible to stop the music using **[S]**

Of course you can also use the joystick!

30th anniversary Astro Marine Corps

To commemorate the 30th anniversary of Astro Marine Corps we have included a reference related to what happens when a plant eats you.
