AU SECOURS !

Je lance mon cri de guerre pour que vous sachiez que l'on commence sérieusement à manquer de listings de bonne qualité. Où sont les SOS 100 %, et ATC et bien d'autres encore ? On reçoit plein de jeux, mais bof, et surtout plein d'utilitaires. Je sais qu'un listing par mois, ce n'est pas énorme et que vous voulez des jeux, alors qu'est-ce que vous attendez ? D'autant plus qu'ils seront rémunérés. Vous aurez quand même ce mois-ci une escadrille de canards qui vont à la chasse de vaisseaux pas beaux dans l'espace. Une histoire insolite sortie de l'imagination de Loncke Miguel. Trois listings, le Basic qui sert de lanceur, et dans l'ordre, canar1 et canar2 qui doivent suivre le lanceur sur la cassette. On le joue avec un bon joystick et beaucoup de nerf...
